

AN EDUCATION LIKE NO OTHER

Phillips Exeter Academy has a tradition of academic excellence, a distinguished faculty, and a long history of educating young people to find their place in the world.

Every aspect of the Exeter experience is infused with critical thinking, thoughtful discourse and collaboration. The heart of the school is its signature Harkness method of instruction. The Harkness philosophy, developed at Exeter over 80 years ago, is centered on a way of thinking

and engaging with others that requires preparation and provides a sense of readiness for learning, for college, for life.

Exeter today is true to its 1781 founding principles of inclusivity and the power of goodness united with knowledge. Students come from immensely diverse backgrounds and possess unique talents and interests — yet they each combine proven intellectual ability, curiosity, and tenacity with good character.

GENERAL
